PURPOSE/RATIONALE

Greenwich-Stow Creek Partnership Schools's students face unique challenges in the future. They must navigate a constantly shifting international economy, ever-expanding sources of information, and a myriad of

career and financial choices. In order to support our students as they become informed, litetrate, and responsible members of a global society, the Greenwich Stow Creek Partnership School Community has crafted a 21^s Century

Life and Career Skills Curriculum thastt draws heavily from the New Jerseyt Core Curriculum Content Standards and The Partnership for 21 Century Skills' Framework For 21^s Century Learning.

It is our intent to reinforce such 21st Century Skills as civic literacy, global awareness, creative problem solving, stand positive communication within our existing curriculum while nurturing the exploration of 21 century skills, information sources, and educational options.

In grades **K-5**, students are introduced to 21st-century life skills that are critical for personal, academic, and social development. They are also introduced to career awareness information and to basic personal financial literacy skills.

In grades **6-8**, students continue to develop 21st-century life skills and personal financial literacy, while also exploring careers that support their academic and personal interests and aptitudes. As they prepare for the transition to high school, students are provided with opportunities to apply knowledge and skills learned in the classroom to real or simulated career challenges.

NEW JERSEY CORE CURRICULUM CONTENT STANDARDS 21ST CENTURY LIFE AND CAREERS

9.1 21ST CENTURY LIVE & CAREER SKILLS:

All students will demonstrate the creative, critical thinking, collaboration, and problem-solving skills needed to function successfully as both global citizens and workers in diverse ethnic and organizational cultures.

A. Critical Thinking and Problem Solving:

The ability to recognize a problem and apply critical thinking and problem-solving skills to solve the problem is a lifelong skill that develops over time.

B. Creativity and Innovation:

Gathering and evaluating knowledge and information from a variety of sources, including global perspectives, fosters creativity and innovative thinking.

C. Collaboration, Teamwork, and Leadership:

Collaboration and team work enable individuals or groups to achieve common goals with greater efficiency.

Leadership abilities develop over time through participation in groups and/or teams that are engaged in challenging or competitive activities.

D. Cross-Cultural Understanding and Interpersonal Communication:

Effective communication skills convey intended meaning to others and assist in preventing misunderstandings.

Communication with people from different cultural backgrounds is enhanced by the understanding of different cultural perspectives.

E. Communication and Media Fluency:

Digital media are 21st century tools used for local and global communication.

There are ethical and unethical uses of communication and media.

F. Accountability, Productivity, and Ethics

The nature of the 21st century workplace has shifted, demanding greater individual accountability, productivity, and collaboration.

Ethical behaviors support human rights and dignity in all aspects of life.

9.2 PERSONAL FINANCIAL LITERACY:

All students will develop skills and strategies that promote personal and financial responsibility related to financial planning, savings, investment, and charitable giving in the global economy.

A. Income and Careers:

Educational achievement, career choice, and entrepreneurial skills all play a role in achieving a desired lifestyle.

Income often comes from different sources, including alternative sources.

Income affects spending decisions and lifestyle.

Taxes and the cost of employee benefits affect the amount of disposable income.

B. Money Management:

Money management involves setting financial goals

Money management is reliant on developing and maintaining personal budgets

Money management requires understanding of cash flow systems and business practices.

C. Credit and Debt managements:

Credit management includes making informed choices about the sources of credit and requires an understanding of the cost of credit.

Credit worthiness is dependent on making informed credit decisions and managing debt responsibly.

D. Planning, Saving, and Investing.

Information about investment options assists with financial planning.

Appropriate application of basic economic principles leads to wiser decisions for individual, family, and business financial planning.

E. Becoming a Critical Consumer

The ability to prioritize wants and needs assists in making informed investments, purchases, and decisions.

Cost-benefit analysis informs responsible spending practices.

Consumer protection includes providing information about the range of products and services and about consumer resources, rights, and responsibilities.

F. Civic Financial Responsibility

The potential for building and using personal wealth includes responsibility to the broader community and an understanding of the legal rights and responsibilities of being a good citizen.

Philanthropic, charitable, and entrepreneurial organizations play distinctly different but vitally important roles in supporting the interests of local and global communities.

G. Risk Management and Insurance

There are common financial risks and ways to manage risks.

Insurance is designed to protect the consumer against losses.

93 CAREER AWARENESS, EXPLORATION, AND PREPARATION:

All Students will apply knowledge about and engage in the process of career awareness, exploration, and preparation in order to navigate the globally competitive work environment of the information age.

A. Career Awareness:

Career awareness includes an understanding of the world of work and the knowledge and skills needed for traditional and nontraditional jobs and careers.

B. Career Exploration:

Career exploration includes investigation of the contemporary workplace and an

understanding of the relatisonships among personal abilities, education, and knowledge and skills needed to pursue 21^t century occupations and careers.
