(IN LIGHT SYRUP)

CONTENTS 1 LB. 3 OZ.

Cedar Lake

The peaches in this can were hand-picked when at the peak of their natural maturity, which accounts for their unusually good flavor. They were packed by hand under ideal conditions in a clean, sanitary plant. They are ready for the table and the contents of this can represent about 2 1/2 cups or about 4 servings. They can be used as an ingredient in desserts or salads. They can also be used for pies or fillings. To receive the benefit of the unusual flavor, we recommend that you serve them alone with cream just as they come from the can.
